POLICY

1. School profile

Napoleons Primary School has a unique history, with the Old Napoleons School dating back to 1870. The school has a population of 79 students from Foundation to Year 6 and 15 school staff members including a wellbeing counsellor and education support staff.

Our school buildings look out onto expansive grounds with native bushland, and we are surrounded by a supportive parent community. Napoleons Primary School has developed close ties to the local community, and enjoys support from our local shops and community services.

A comprehensive curriculum is offered throughout the school based on the Victorian Curriculum with a strong focus on the core areas of literacy and numeracy. The school's Instructional Model provides the framework for high quality, consistent practice in all classrooms, incorporating evidence based high impact teaching strategies. Clear learning intentions and success criteria are developed for all lessons, with explicit teaching provided at students' point of need. Data is collected and used to provide a differentiated program ensuring challenge and support for all learners. Students in all year levels have reading, writing and numeracy goals they are continually working towards to maximise their learning growth. Feedback and reflection are important elements of all lessons. A highly engaging specialist program is offered in Visual Arts, Physical Education Chinese, STEAM and Literacy and Numeracy support.

We are also seeking a learning environment that is caring and considerate of others. We strive to provide programs and opportunities for students to develop their academic, social, emotional and physical potential in a supported and dynamic indoor and outdoor learning environment.

We are proud of our diversity and inclusive school community.

2. School values, philosophy and vision

Napoleons Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, belonging, creativity and perseverance at every opportunity.

We strive to improve the learning outcomes of our students. Children are encouraged in their pursuit of excellence and each child's individuality and contribution is recognised and valued. We value creativity and initiative, encouraging and rewarding effort and positive contributions. We foster attitudes of respect and caring within a safe, stimulating environment. Our school's philosophy is firmly based on the belief that all children can learn.

Our school's vision is to create a rich, inspiring learning environment where students are safe and supported to be challenged in order to continue to grow as learners. We celebrate diversity and the education of the whole child: nurturing a love of learning that includes intellect/academic, social/emotional and physical growth.

Students have the right to:

Behavioural expectations of students are grounded in our school's School Wide Positive Behaviours Expectations Matrix and our Student Code of Conduct Policy.

Violence, bullying, and other offensive and harmful behaviours such as racism, harassment and discrimination will not be tolerated and will be managed in accordance with these documents and our Bullying Policy.

When a student acts in breach of the behaviour standards of our school community, Napoleons Primary School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the action taken by teachers and other school staff.

Our school considers, explores and implements positive interventions to support student behaviour before considering consequences such as withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Students will always be provided with an opportunity to be heard.
